2		6		10	
3		7		11	
4		8		12	

8. PLEASE TICK MARK ALL APPLICABLE THE WORK TO BE PERFORMED

[ ] Temporary electrical connection [ ] [ ] Work on isolated eqpt/panel [ ] Management Of Change(MOC) [ ] Required/ [ ] Filled& Attached

[ ] Work on live eqpt/panel [ ] Work on high voltage [ ] METHOD STATEMENT | [ ] OPERATING PROCEDURE

9. ISOLATION & EARTHING - FOR HIGH VOLTAGE WORKS

REQUEST

a) ISOLATION: I hereby request that the following high voltage equipment be isolated and locked off from live conductors at all points under your control and that caution notices be posted at the point of isolation.

b) EARTHING: I hereby request that the above equipment, after complete isolation, be effectively connected to earth at the following point(s): (If earthing is not required, state so)

Requested by: _____ Request received by : _____ Time & Date: _____ (Name and Sign) (Name and Sign)

CERTIFICATE:

a) ISOLATION: I hereby declare that the above equipment has been isolated and locked off as requested and that Caution Notices have been posted at the points of isolation. The equipment will remain so isolated until the clearance of this Safety Document has been signed

b) EARTHING: I hereby declare that the above equipment has been earthed as requested. Earths will only be removed and re-applied upon my instruction and then only at the request of the signatory of above.

Certified by: _____ Received by : _____ Time & Date: _____ (Name and Sign) .....(Name and Sign).....

10. SANCTION FOR TEST – FOR HIGH VOLTAGE WORKS

A) ISSUE

To ..... in the employment of .....

The following High voltage equipment has been made safe in accordance with the company's safety rules and regulations in order for the testing described on this sanction for test to be carried out:

The points of isolation are..... Circuit main earths are applied at ..... Caution notices have been posted at the following points:..... Brief description of testing to be carried out: ....Issued by (Name & Sign) : ..... Time: ..... Date: .....

B) RECEIPT: I accept responsibility for the testing described on this sanction for test and for taking the precautions necessary to prevent danger.

Received by (Name & Sign) : ..... Time: ..... Date: .....

C) CLEARANCE: All persons under my charge have been withdrawn and warned that it is no longer safe to carry out testing on the equipment detailed on this sanction for test, and all additional earths have been removed.The testing is complete/incomplete. All gear and tools have been removed The operational state of the equipment is the same as at the time of issue of this sanction for test apart from the exceptions noted below: Exceptions (if none, state none)

.....

Certified by (Name & Sign) : ..... Time: ..... Date: .....

11. TRIAL ENERGISATION: (REQUIRED IF A TRIAL IS TAKEN WITHOUT FITTING THE SAFETY DEVICES LIKE GUARDS ETC.)

Issuer and Engg officer have to be present at location for trial. No adjustments will be done within 2 m of powered machinery or drives for alignment or setting or for any other purpose. They have to ensure that equipment is isolated immediately after the trial. Mechanical adjustments will be performed only after isolation, lock-out & tag-out of all live sources of hazardous energy (electricity, compressed air, Steam, HSD, Hydraulic any other).

ENERGISATION APPROVED BY:

Name Engg Officer:	Signature:	Time/date:
Name of issuer:	Signature:	Time/date:
Name of Electrician:	Signature:	Time/date:

12. PRECAUTION CHECKLIST:

A. Isolated equipment

[ ] Job site checked

[ ] Power isolated thro switch / breaker and locked

[ ] Discharged and free of static electricity

Equipment checked & dead

[ ] Earthed and the earth contacts are 1…….. 2……

[ ] Equipment isolated from live conductors

[ ] Caution boards displayed

[ ] Safety nets used are of good quality & tested

[ ] WORK AT HEIGHT

[ ] Access/Ladder/ Aerial Platform checked

[ ] Scaffold checked

[ ] Full body harness belt provided

[ ] Rigid structure to anchor belt

[ ] Safety net required

[ ] Access route cleared

[ ] Barricaded with safety sign

[ ] Continuous supervision present during work

[ ] Separate Method Statement for Fragile Roof provided

[ ] Workmen do not suffer from vertigo, are trained and are trained, experienced, authorized to work at height

[ ]Precautions taken for overhead cable, pipe

[ ] HOT WORK PERMIT ISSUED FM Global Permit No……..

[ ] EXCAVATION

[ ] Area marked and checked by M&R Manager

[ ] Underground cables checked

[ ] Underground pipes checked

[ ] Hand tools are insulated

[ ] Pointed axe not used in the vicinity of cables

[ ] Shoring arrangement done

[ ] Barricaded with safety sign

[ ] Continuous supervision present during work

[ ] RIGGING

[ ] Precautions taken for overhead cables, pipe racks

[ ] Condition of floor stable for Crane/ Hydra

[ ] Lifting equipment duly tested. TC available

[ ] Crane/ Hydra checks done as per OEM needs

[ ] Valid statutory test certificates available

[ ] Precaution taken against any other vehicle movement

[ ] Rigging area barricaded

[ ] Rigging supervisor available

[ ] CONFINED SPACE PERMIT Ref……..

[ ] LIVE EQUIPMENT

[ ] Necessary to do the job on live conductor

[ ] Testing eqpt is in good condition and fit for use

[ ] No possibility of touching other live system near by

[ ] Method statement attached

[ ] Flame proof equipment

[ ] Technician knows proper way of opening eqpt

[ ]Method statement attached (if required)

13. PERSONAL PROTECTIVE EQUIPMENT

(PPE) Provided

[ ] Helmet [ ] Face Shield

[ ] Safety Goggles [ ] Chemical Goggles

[ ] Safety Harness(Tested)

[ ]Safety Net [ ]Crawling Board

[ ] fall Arrest [ ] LifeLine

[ ] Dust Mask [ ] Gas Mask

[ ] Electrical Hand Gloves

[ ] Full Body Protection -[ ]PVC/[ ] Other

[ ] Hearing Protection (Plug/Muff)

[ ] Electrical Safety Shoes

[ ] SCBA

[ ] Rescue hook/shotgun stick/Hot Stick

[ ] Rubber Hood

[ ] Rubber Blanket

[ ] Insulated Tools

[ ] Other as reqd……..

14. AUTHORIZATION(PERMIT ISSUER):

I verify that the above work area and requirements examined the precautions taken checked and authorize permission

Authorized by:

Name& Sign……

Date……

Time……

15. EXECUTOR (PERMIT ACCEPTOR)

I have been explained about the job and hazards associated with it. I clearly understood the precautions to be taken and instructions given and shall ensure they are followed by my team

Accepted By: Name……..

Company Name……

Signature……

Date…….……Time……

16. WORK SUSPENSION:

The job mentioned in this permit has been suspended and a fresh permit need to be taken for recommencement of the work Reason for suspension:

Suspended By (Name)…….. Signature..... Date.....Time.....

17. SHIFT CHANGE OVER/REVALIDATION [NOTE: Shift change over is only valid for three continous shifts].

Shift	Handed over by (Sign) *"I explained about the ongoing job to my releiver"*		Taken over by(Sign) *"I understood about the ongoing job"*
	Job Crew Leader		
	LOTO Responsible		

Revalidate By: **Name:** ***Signature:***

18. PERMIT CLOSURE *The above job has been completed and all the tools, scrap have been removed. Interlocks have been reinstalled. Lock out / Tag out removed and cleared for energizing the equipment*

Handed over by(Executor) **Area Cleared-Area Owner** **Work Completed (Permit Initiator)**

Job step or Task	Activity	Hazard	Risk Harm Damage	Risk Assessment			Additional Controls	Risk Assessment of After control		
				Severity (A)	Frequency of Occurrence (B)	Present risk factor (A+B)		Severity (A)	Frequency of Occurrence (B)	Present risk factor (A+B)

Likelihood	Severity: 1 Negligible	2 Low	3 Medium	4 High	5 Extreme
5 Extreme	5	10	15	20	25
4 High	4	8	12	16	20
3 Medium	3	6	9	12	15
2 Low	2	4	6	8	10
1 Negligible	1	2	3	4	5

Score	Probability of Occurrence
5 Extreme	Certain to occur— no doubt that at some time in the future the event will occur
4 High	Probable — the event will probably occur and it would not be a surprise if it did
3 Medium	Even chance — there is a 50/50 chance the event could occur
2 Low	Unlikely to happen — it would be very unusual for the event to
1 Negligible	Almost impossible — will only occur under extreme circumstances

Score	Degree of Injury (Severity)	Injury Classifiable
5 Extreme	Death	Level 2
4 High	Amputation, 3rd degree bum, chronic illness, permanent disabling injury. Requires extensive medical attention. Significant lost time.	Level 1
3 Medium	Broken Bone, serious soft tissue strain or tear, 2nd degree burn, serious.	Lost Time Injury
2 Low	Minor soft tissue strain, cut, bruising or abrasion May be recordable but no lost time.	Recordable (no time lost)
1 Negligible	Minor irritation. No medical intervention. Non-recordable and no lost time.	First Aid
